Edward Jones

## Dependent Eligibility Verification Program

### For Newly Enrolled Dependents Only

If you enroll a dependent in an Edward Jones medical plan for the first time (either during your first enrollment period or as the result of a family status change), you will be required to submit documents that verify that your dependent is eligible for medical coverage, as defined by the plan.

After you enroll the new dependent, you'll receive a packet in the mail from Aptia, the company administering the program for us, with all the information you'll need to complete the verification process.

After you've received your Aptia packet in the mail, you can:

- Contact the Aptia Service Center with questions or for assistance at 1-888-351-0877, Monday through Friday, 8 a.m. to 5 p.m., Central. (You will be required to provide the identification number listed on your Aptia packet [your Employee ID], to confirm your identity).
- Visit the [Aptia Dependent Eligibility Verification website](#). (Login information is explained in your Aptia packet).
